

## Our Club

*The purpose of our club is to preserve the tradition of antique tractors and farm equipment through our annual Three Sisters Farm Heritage Days Antique Tractor & Equipment Show, club activities, and other area events. Our members own many brands of tractors and equipment. We also have many members who do not own an antique tractor but still enjoy participating in the club activities. While Three Sisters Park, Chillicothe, IL is home to our show, members come from several surrounding counties. Our activities are focused on reaching out to others and educating them on the legacy of antique farm equipment.*
